FACES

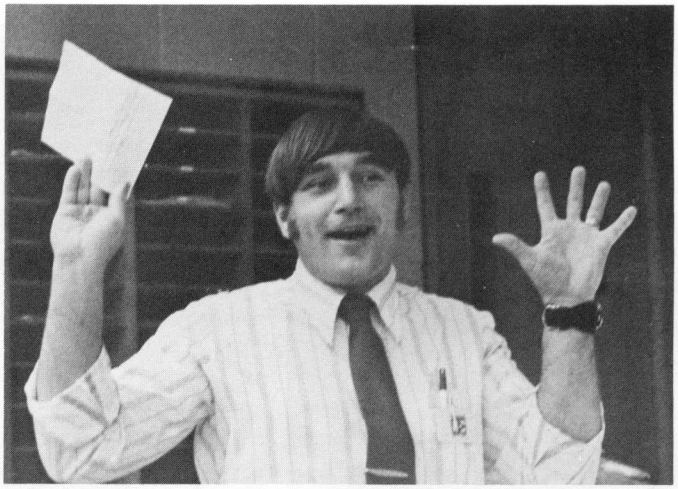
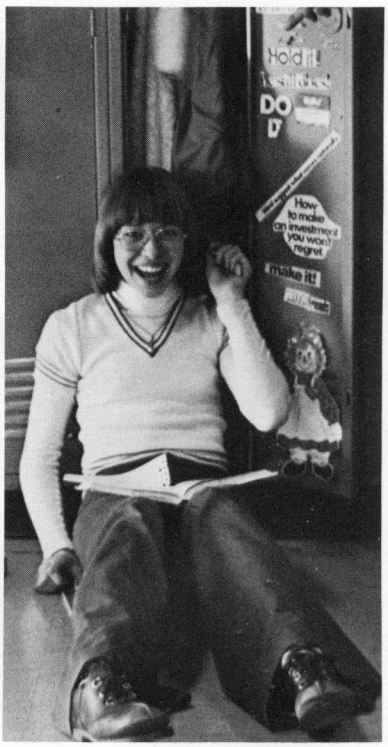
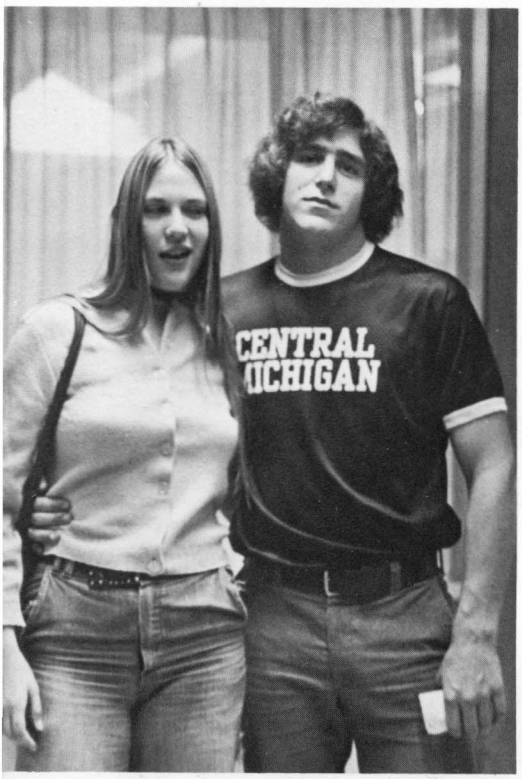
A FACE by Joe Raposo

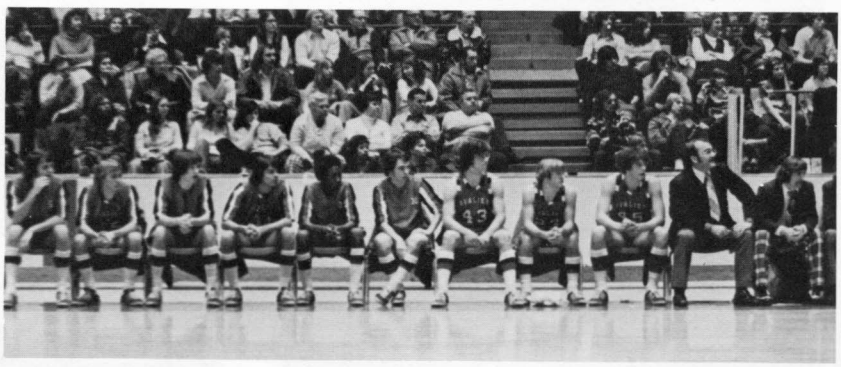
A face can be up, a face can be down,
A face can be as funny as the face of a clown
A face can show just how you feel inside,
When your eyes open up and your smile opens wide.
Your eyes could be brown, your eyes could be blue,

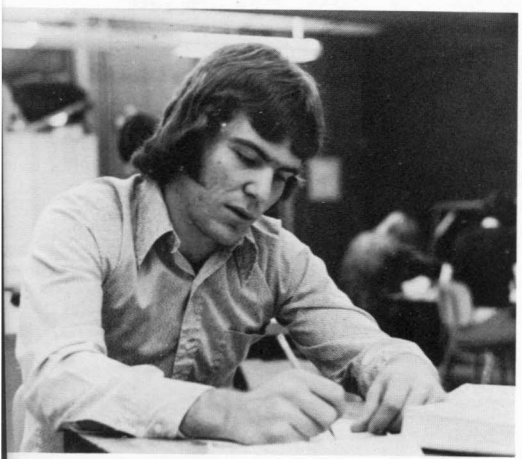






CENTRAL
MICHIGAN





But there's never ever any other face just like you;
And when you're sad and crying
And you don't know what to do,
Somebody's face can happen along
And smile the sunshine back into you.

STUDENT LIFE

The world is a looking glass, and gives back to every man the reflection of his own face. Frown at it, and it in turn will look sourly upon you; laugh at it and with it, and it is a jolly, kind companion.

William Makepeace Thackery

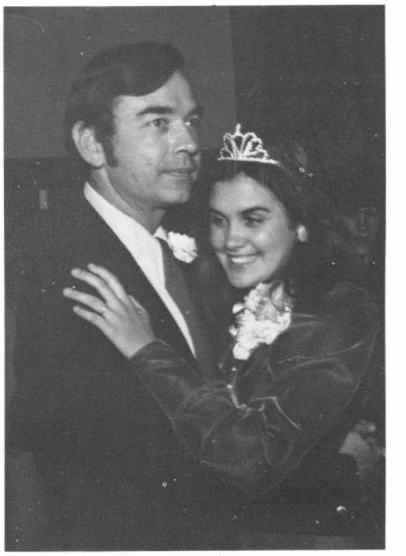
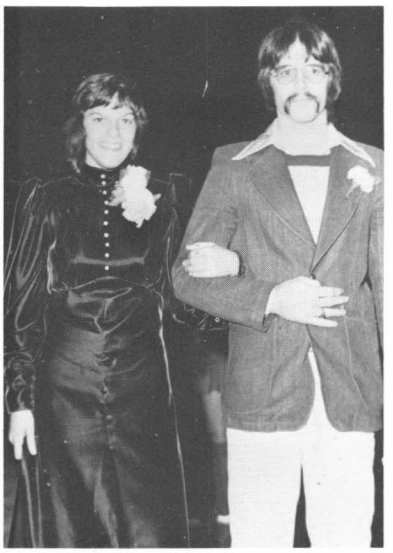
When they told me I had to write something about making Homecoming court I thought how can I express my feelings towards my friends. Since I'm not very good with words I'll let someone else say it for me. "This won't last forever, it can't, but for the rest of my life, When I smell honeysuckle and roses, on a warm fall night, I'll think of Carrollton High School, October 11, 1974.

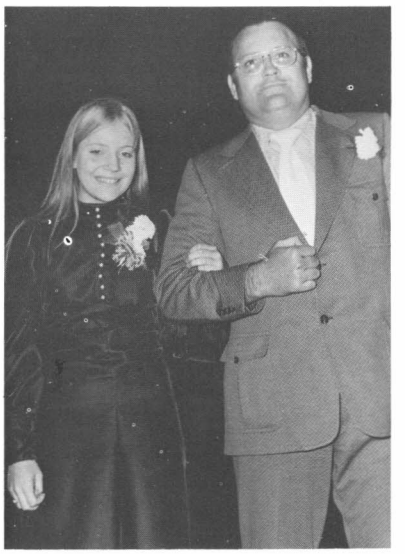
Being on court, to me, was the next best thing to having a best friend. The memories of it you'll never lose!



October 11, 1974 was the beginning of a beautiful day. A day full of happiness and love. The feeling that I felt when I was announced Homecoming Queen is very hard to put into words. I've never felt more love surrounding me ever. And as the day came to an end, I thanked God and looked at my flowers and crown to remind me of four other beautiful girls, friendly smiles and my day as queen. Thank-you.



Homecoming to me represented every individual, every friend, every experience into one big happiness trip. An experience worth a thousand smiles, and unforgettable friends.



Homecoming was a beautiful learning experience for me. I learned to really appreciate how hard some people can work to make make something like Homecoming special for everyone involved, bringing them closer together and so much happier. But most of all I realized how much some people really care, and that alone is the greatest feeling in the world.

"There were many new as well as familiar faces at Carrollton High School this year. As usual, the newest faces belonged to this year's Freshmen, who are by now becoming more familiar. The most familiar faces belong to the Seniors, who are leaving their imprint on the facial characteristics that make Carrollton High. We will all miss the faces that are leaving just as we will welcome the faces that will be coming in the future."
